Personal statement

I am 21 years old, I am an open-minded and responsible person, an avid music lover, and adore technology. In my free time, I do sports, spend time with friends or family, also do self-development, and read books. I want to increase as a developer. I have a little commercial experience in freelancing. Currently, I am looking for a job as a junior front-end developer.

Experience

2020

Took part in the Hillel Evo 2019 project, made the basis for the "my profile" page and the subpages "My profile, settings, exit". Also worked on the product page.

2020

At the request of a friend, I created a SPA. The client part was written in HTML, CSS, js. I used Nestjs to create the server-side. MongoDB was used as a database. Cloud storage imgBB is used to store the photo You can view the project by clicking on the link:
